HIGH 7 JEWEL

SUN, LIGHT AND WARMTH

The exclusive area of Winkelmatten is regarded as the “Beverly Hills” of Zermatt and is this resort's only ski-in, ski-out district. It is also the location of this luxury chalet, completed in August 2012. From here you can ski through a meadow and down to the Klein Matterhorn Express Lift, and ski back down to the chalet on the Moosweg piste. The ski lifts and a great choice of shops, bars and restaurants in the town centre are only 4 minutes by electric car from this exquisite chalet. There is elevator and staircase to each floor, and every apartment is spacious, warm and bright with natural light. Each floor is luxuriously finished and with a similar layout of rooms, which is ideal for families and friends wanting to share, but to also be independent and have privacy. Sunny and warm in ambience, the décor is a winning combination that fuses contemporary and classical design; unusual eclectic lighting features alongside modern, comfortable furniture and more traditional Alpine style of wood panelled walls and stone fireplaces.

FACILITIES

"The Jewel" of High 7 is a luxurious apartment occupying the first floor of this exquisite ski-in ski-out residence and boasts three king-size bedrooms with whirlpool tubs and five bathrooms; featuring double sinks, a double shower, bidet and steam shower.

Full size kitchen with granite counters, induction stove, steam and regular ovens, dishwasher and wine refrigerator; opening to a twelve person solid wood dining table with a spectacular crystal chandelier.

The three sided glass fireplace, visible from the entrance, warms the leather and fur furnishings in the living room where you can relax and enjoy the views or the large scale plasma flat screen television.

The glass sided balcony spans the length of the residence; a perfect place to take in the champagne air of Zermatt while watching the skiers returning from the slopes.

Ski room and in-house laundry facilities conveniently located in the basement.

Your stay at this luxurious residence includes Swiss hand-carved furniture, Christian Fischbacher robes, sheets and towels. An unparalleled sleep experience will leave you rested and rejuvenated to take on the vast array of mountain trails.

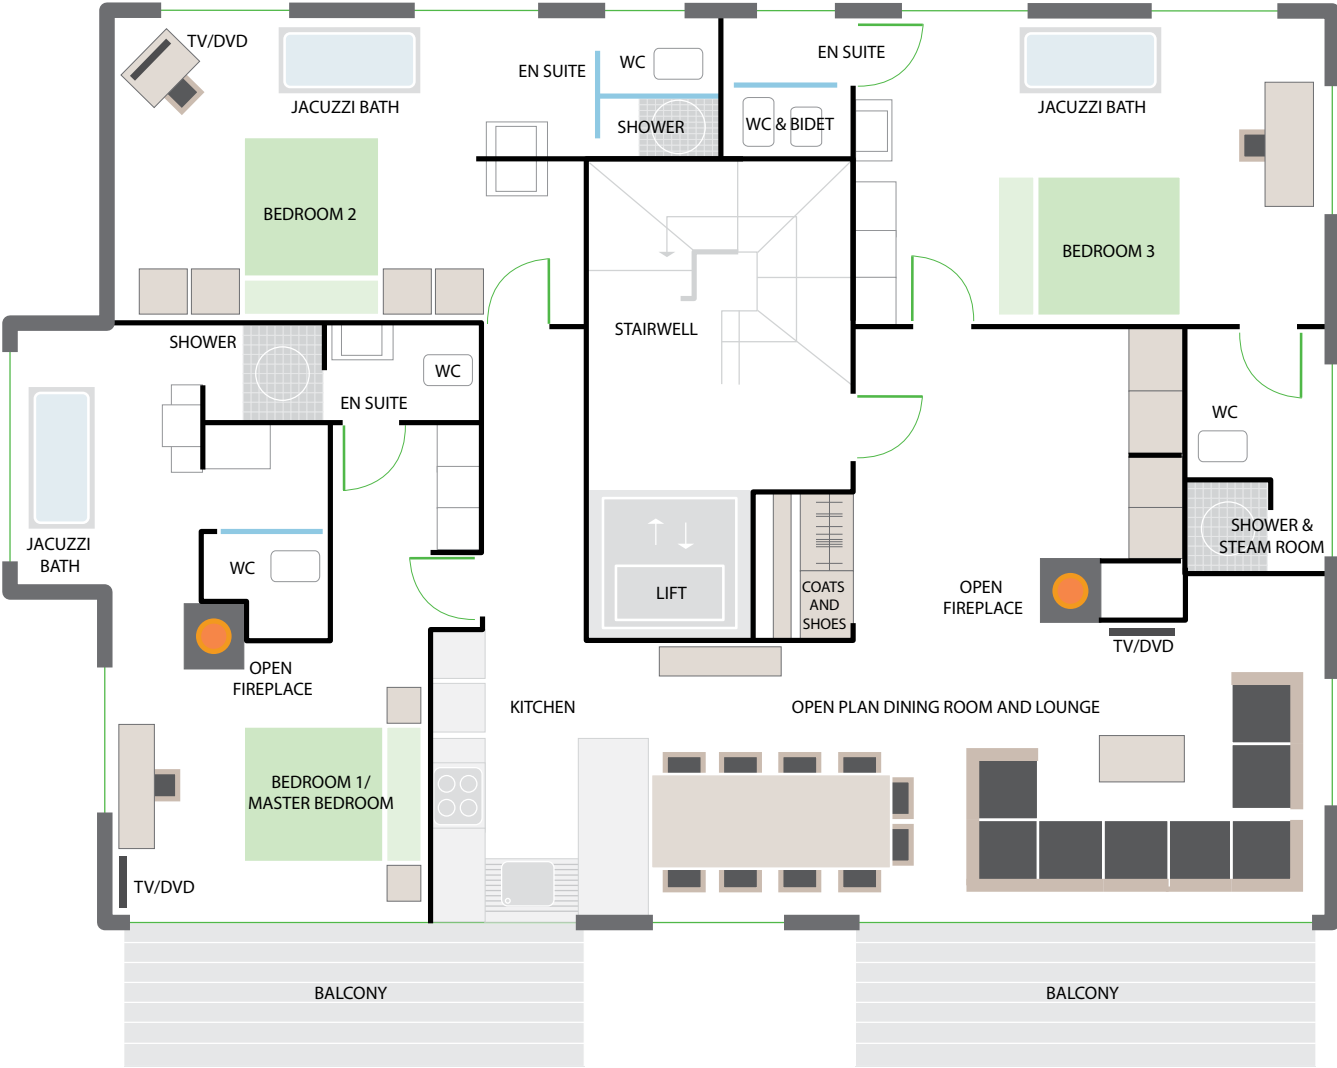

The quaint no-cars allowed village of Zermatt is a ten minute electric taxi or horse-drawn carriage ride away.
