HIGH 7 PENTHOUSE

SUN, LIGHT AND WARMTH

The exclusive area of Winkelmatten is regarded as the the “Beverly Hills” of Zermatt and is this resort's only 'ski-in,'ski-out' district. It is also the location of this luxury chalet, completed in August 2012. From here you can ski through a meadow and down to the Klein Matterhorn Express Lift, and ski back down to the chalet on the Moosweg piste. The ski lifts and a great choice of shops, bars and restaurants in the town centre are only 4 minutes by electric car from this exquisite chalet. There is elevator and staircase to each floor and this penthouse apartment is spacious, warm and bright with natural light. It is luxuriously finished and is ideal for families and friends wanting to share time in an exclusive surrounding. Sunny and warm in ambience, the décor is a winning combination that fuses contemporary and classical design; unusual eclectic lighting features alongside modern, comfortable furniture and more traditional Alpine style of wood panelled walls and a modern fireplace.

FACILITIES

The beautiful duplex penthouse on the second and third floors of the chalet accommodates 8 guests in 4 spacious double bedrooms. On its upper floor is the dining area with open plan kitchen and breakfast bar and the lounge, which features a 360 degree open fireplace and floor to ceiling windows with wonderful Matterhorn views. A wellness area is accessible via the master bedroom on this floor and features a large relaxation bath and a Bio Sauna. The apartments on the lower floors are as finely decorated, each similar with spacious lounge/dining areas, open fireplace, balconies and Matterhorn scenery.

The luxury chalet is a fabulous setting for grand, once-in-a-lifetime families holidays and events, special corporate getaways or as a unique home for groups of friends to share. The apartments can be available to rent separately.
